Now for the Senate! The Assembly has done nobly. By an emphatic vote of 74 to 18 it last night passed The Evening World Children's bill.

It is there that the fiercest fight will be made by Mr. Gerry and his Bureau for the preservation of their present autocratic power. It is in the Senate that bureaucratic lobbying, the glamour of social standing and the influence of wealthy and corporate societies is supposed to have the most effect.

But the eyes of the people of New York who make the Senate are fixed upon it. The vote of that body on this simple clean-cut question of Justice will be closely scanned.

Governor, were naturally discouraging. Yet they did play great uphill ball in spite of all.

Brace up, Giants, and win that game to-day anyhow.

WORLD LINES Mrs. Thomas B. Wamaker, the daughter-in-law of the Postmaster-General, is a tall and rather slender lady, with a pale, but bright and expressive face.

Dr. Galling, the inventor of the famous Galling gun and other weapons, is living in Boston. He is seventy-one years old and a native of North Carolina.

A manuscript in Latin, dated Oct. 29, 1542, is alleged to have been found in a cave near Gainesville, Tex. It purports to give an account of the wanderings of a party of Spaniards in search of Hieronymo De Soto, the discoverer of the Mississippi River.

THE JUDGE'S BROTHER DEAD

JOHN NORTON SURVIVED MICHAEL BUT A SINGLE DAY.

The modest, old-fashioned house No. 42 Charlton street, in which Civil Justice Michael Norton passed the latter years of his life, was this morning visited by throngs of friends and admirers of the dead leader, who came to take a last look at his face and to condole with his family.

Judge Norton was one of the most popular of men and civic officers, and he is mourned by all classes in his district.

The funeral, it has been decided, will take place from the house to-morrow morning at 10 o'clock. The remains will be taken to St. Anthony's Church, on Sullivan street, near Houston, where solemn requiem mass will be performed. The interment will be in Calvary Cemetery.

Post, G. A. R.; the Hoboken Turtle Club, Wyandott Council, Legion of Honor, the Monticello Club and the Tammany Hall General Committee of the Fifth Avenue district are among the organizations which will be largely represented at the funeral.

The coincidence, death has fallen at this time upon another of the Norton family. John Norton, brother of the Justice, died last night at his home, 630 King street. His death was due to heart trouble. When he died he did not know that Michael had passed away twenty-three hours previously.

The vacancy on the Bench of the First District Court, caused by the death of Justice Norton, will be filled by the Governor under the law. The successor to be appointed will hold office until Jan. 1 next. At the next general election a candidate will be voted for to fill the four years of Justice Norton's unexpired term. It is thought that Lawyer Peter Mitchell, of New York, who has been a political associate of Justice Norton, will get the appointment.

BARONESS BLANC'S PUG LOST.

She Regrets Him, but the Baron Gives Him a Very Bad Name.

A LIBERAL REWARD will be paid for return of pug dog, lost Wednesday morning in neighborhood 43rd and 44th sts. B.L.A.C. 112-5th ave.

Whatever other merits this lost dog possessed, he had the indubitable distinction of belonging to Baron Blanc. So an Evening World reporter called at his residence to learn something of his worth and the manner of his loss.

Baron Blanc received him. He is fine enough a fellow to be a Baron if he wasn't, which he is. He is a young man, six feet two or three, well built, finely chiseled features, white teeth, dark blue eyes and a clear pink and white complexion.

"Oh, he was an absolutely uninteresting pug. He came here for my wife and me, and I think far more of the chef, who probably has the smell of meat about him. He was my wife's dog, and she has had him for ten years."

The chef took him out yesterday morning. He had been small (the dog) and he slipped his collar. Every body around here knows him, and probably somebody will bring him back, and I shall have to give him \$10.

He has been gone several times. He had no name. We called him "Pugy." My wife regrets him, though he is as ugly, as stupid, as unattractive as the rest of his tribe. That is all there is to it.

HER LOVER HAD GROWN COLD.

That Was Why Ducky Miss Francis Tried to End Her Life.

SPECIAL TO THE EVENING WORLD. BRIDGEPORT, Conn., April 25.—The attempted suicide of Miss Eleanora Francis, of 151 Middle street, a pretty young colored girl, has attracted attention.

Miss Francis was engaged to David Emory, Dr. Bronson's butler, who until recently has been devoted to her.

Yesterday Miss Francis tried to bring about a reconciliation with David, who had sent word to her that he wished the engagement to be at an end.

Finding David obdurate Eleanora drank laudanum.

Her mother found the girl in an unconscious condition. Medical Examiner Downes was summoned and succeeded in saving her life.

The bitter end of it. (From Judge.)

Brother Tom—Why do you let that little cat pay you so much attention? I told you he was nothing but a fringed duck.

Miss Curdington—Heaven's Tom, I thought you said British duck and I've about half promised to marry him.

Riker's Compound Sarsaparilla cleanses and purifies the blood and invigorates the system. It is a tonic and a blood purifier. It is a tonic and a blood purifier.

That was a stinging rebuke administered by The World this morning to the Sun for its unmanly and reprehensible references to our visitors from the country.

HER LIFE-LETTERS

The Typical American Girl Reveals Many Interesting Missives.

Some Novelties in the Line of Passionate Epistles.

This Contest Likely to Be Equal to Any Yet Held.

CONDITIONS OF THE CONTEST.

THE EVENING WORLD offers a not double eagle for the best love-letter containing a proposition of matrimony addressed to the Typical American Girl. For convenience this typical young lady might be called "Miss Columbia."

My Dear Miss Columbia: I highly esteem your noble and exalted character as the purest type of American maidenhood, and hereby submit myself as a humble suitor for your typical heart and hand.

Wants to Enter the Lists. I highly esteem your noble and exalted character as the purest type of American maidenhood, and hereby submit myself as a humble suitor for your typical heart and hand.

No Elegance Wanted. Had I the burning eloquence of a Claude Melnotte with which to woo the fairest of your sex, my knowledge of you assures me it would influence you no more than the simple words at my command.

Writing Is Superfluous. Were I to meet Miss Columbia, who understands the strange passion of love, it would be a nonsense to write. I should speak, and eloquently, too.

Plainly Felt. I am accustomed to speak plainly, and know little of the niceties of etiquette. Do you think the worse of me opening my heart to you abruptly, without any preliminary flourishes?

Invokes Choice Blessings. With heartfelt gratitude to the giver of all good for the blessed pleasure of your acquaintance, I can no longer refrain from giving some expression to what my heart and soul most crave.

Good Qualities Admired. Many times since I have been on the point of addressing you upon a subject which has filled my heart ever since I had the good fortune to make your acquaintance.

Will Call for His Answer. I want to get married. You are a person entirely suited to my tastes. Will you be my wife? It is unnecessary for me to say to you that I sincerely respect and truly love you, and I have an income sufficient to keep you in comfortable circumstances.

Completely Conquered. My only plea in addressing you thus is this—I love you. Simple words, yet the happiness of a lifetime depends upon their reception.

Full of Hope. Will you allow me, in a few plain and simple words, respectfully to express the sincere esteem and affection I entertain for you, and to ask whether I may venture to hope that these sentiments are returned.

Only Slightly Acquainted. Having had the pleasure of meeting you on several occasions, and being an ardent admirer of your beauty and excellent qualities, I would offer myself as a suitor for your hand.

of your beauty and excellent qualities, I would offer myself as a suitor for your hand. You may perhaps say that you are not sufficiently well acquainted with me. I grant it, and would prefer that you consider the matter carefully and first become acquainted with my family and home.

Love Conquered. The great love I have hitherto expressed for you increases daily. The more I see of you the more I feel myself every day disposed and determined to offer you my hand.

Feels Lonesome. "It is not well for man to be alone." Never was I more impressed with the great amount of sorrow contained in those words than I am at this, to me, anxious moment.

To His Guiding Star. Make me the happiest, proudest man in the world by accepting my care and protection through life. I love you as it seems no woman was ever loved before.

Quotes from "Ingomar." My entire happiness depends on your answer to this letter. No doubt you know by this time how passionately I love you, and beg of you to become my wife and share my future.

A Blank in His Life. My entire happiness depends on your answer to this letter. No doubt you know by this time how passionately I love you, and beg of you to become my wife and share my future.

THE WORK OF TAKING DOWN THE POLES GOES SMOOTHLY ON.

Broadway from Fourteenth street to Fifty-eighth street is finally cleared of all wires and poles excepting those belonging to the Police and Fire departments.

The finishing touches were put on this morning, and the last dozen poles remaining on the upper half of Mayor Grant's second order were felled to the ground.

Then Contractors Hess and Babney merged their forces and commenced at Fourteenth street and Broadway to end at Park Place. This half of the Mayor's order, however, will not be completed until about 10 o'clock.

It is impossible to tell how many poles have been cut down, but it is estimated that nearly all have been cut down, and the work of clearing the street is well advanced.

The work of clearing the street is well advanced. It is impossible to tell how many poles have been cut down, but it is estimated that nearly all have been cut down, and the work of clearing the street is well advanced.

WHY MEN ARE NERVOUS.

Something for Men to Read and Ponder Over.

Many men who formerly supposed themselves possessed of powerful physiques and strong and steady nerves wonder at their feeling of exhaustion, lassitude and lack of inclination for physical and mental exertion.

There is an extremely nervous and irritable condition, a dull, cloudy sensation, often accompanied by disagreeable feelings in the head and eyes.

There is often a bad taste in the mouth in the morning, the vision becomes dim, the memory is impaired and there is frequent dizziness.

Dr. Greene's Nervura, the great brain and nerve invigorant, does it. It is beyond all question the most wonderful strength and vitality in existence. It is a purely vegetable and harmless remedy, and under its use the weak and exhausted feelings give place to strength and vigor.
